Php Css Html Figma Canva

PROFILE

Aspiring to excel as a website developer, I'm driven by a passion for coding and a strong desire to make a significant impact in the digital realm. Currently, as a dedicated student, I'm committed to refining my programming skills and crafting exceptional web experiences. I eagerly anticipate the chance to join your esteemed company, where I can contribute my technical expertise, creativity, and unwavering dedication to web design. I'm also enthusiastic about continuous learning and open to investing the time required to master new programming languages and technologies. Also I want to become Software Engineer too.

WORK EXPERIENCE

Golden Arches Development Corporation

Service Crew (McDonald's) (January - October) 2020

- At McDonald's as a service crew member in the kitchen, I gained valuable experience in fast-paced, customer-oriented environments.
- I became proficient in food preparation, ensuring the quality and consistency of each order.
- My role involved teamwork, effective communication, and the ability to adapt to high-pressure situations.
- I took pride in maintaining cleanliness and food safety standards while delivering exceptional service to customers.
- This experience has not only sharpened my work ethic but also enhanced my ability to work efficiently in a collaborative setting, which I believe will be an asset in my future endeavors.

Fibisco Comfoods

Factory Worker (May - October) 2021

- As a factory worker at Fibisco Comfoods in the Cutting area Manual and Flow pack, I had a hands-on role in the production of cookies and similar products.
- In this dynamic manufacturing environment, I became skilled in operating machinery and equipment specific to cutting and flow pack processes.
- My responsibilities included ensuring the precise cutting of products and their efficient packaging.
- Fibisco Comfoods honed my attention to detail, precision, and the ability to follow strict quality control standards.
- I worked collaboratively with the production team to meet production targets while maintaining a focus on product quality and safety.
- This experience not only developed my technical abilities but also instilled a strong sense of responsibility and teamwork, which I am eager to bring to future opportunities in the manufacturing and production industry.
